

**More products.
More connected technologies.
More ways to build your business.**

The perfect connected solution for every customer

Homeowner demand for connectivity will only grow, as people continue to use technology that puts a world of information at their fingertips.

Capitalize on this demand. Add value beyond the initial sale, with products that deliver **comfort and convenience**, and remote diagnostics that enable **better, more proactive service**.

The broadest portfolio of connected comfort solutions:

Zoning

Humidity

Allergies

Vacation homes

Frequent travelers

Simple connectivity

Busy families

Tech enthusiasts

Energy savers

Integrate your connected customers and differentiate with premium service:

Contractor Portal for the Connected Home

RedLINK™ wireless systems

Advanced solutions for complex comfort challenges.

A RedLINK system is ideal for customers who want the convenience of remote comfort control and require a more robust solution.

Reliable, secure connection

Honeywell's RedLINK technology is a proprietary wireless network, ensuring a strong signal and secure, uninterrupted connection.

Bigger revenue opportunities

RedLINK helps you offer an integrated solution, which provides greater customer benefits while boosting your bottom line.

Ability to differentiate

RedLINK solutions allow you to showcase your expertise and give customers value they can't get anywhere else.

Redesigned Prestige® IAQ
Prestige® 2.0
All-New VisionPRO® 8000
Wireless FocusPRO®

RedLINK IS GREAT FOR:

A multi-level home with temperature swings between the top and bottom floors

Homeowners with seasonal allergies

Homes with condensation on the windows

Homes with pets

Outdoor Air Sensor
Indoor Air Sensor
Vent and Filter Boost Remote
Entry/Exit Remote
Portable Comfort Control™

Wireless Zoning System
TrueSTEAM™ Humidity Control

Control on the go
with Honeywell's Total
Connect Comfort app.

Wi-Fi thermostats

Simple connectivity. Control from anywhere.

A Wi-Fi thermostat is ideal for customers who value the flexibility of remote visibility and control, and simply want to get connected.

Connects to existing Wi-Fi network

Honeywell Wi-Fi thermostats connect to the home's wireless network – no need for additional gateways or equipment.

Quick, easy install

Streamlined install process and single-screen scheduling help you get on and off the job quickly.

Intuitive operation

Plain-language menus and commands make Honeywell's Wi-Fi thermostats simple to use, minimizing customer callbacks.

A WI-FI THERMOSTAT IS GREAT FOR:

Homeowners who travel and want to make sure their HVAC system is operating as expected

Customers who want to adjust the heat or A/C in their vacation home before they arrive

Monitoring temperature in a rental property

Wi-Fi 9000
Wi-Fi 9000 with Voice Control
Wi-Fi VisionPRO®
Wi-Fi FocusPRO®

Control on the go with Honeywell's Total Connect Comfort app.

Lyric™

Simple comfort for dynamic lifestyles.

The Lyric thermostat is ideal for customers who are always on the go and want optimal comfort and savings they don't have to think about.

Geofencing

Using the homeowner's smartphone location, Lyric automatically adjusts the temperature as they come and go – delivering comfort when they're home and savings when they're away.

Fine Tune

The Fine Tune feature considers both indoor and outdoor temperature and humidity to reach set point, ensuring 72° really feels like 72°.

Smart Cues

The Smart Cues feature sends homeowners maintenance notifications and extreme conditions alerts to help extend the life of their HVAC system.

LYRIC IS GREAT FOR:

Families with busy schedules

Tech-savvy customers who use apps

Customers who don't program their thermostats and aren't saving as much as they could

Environmentally conscious homeowners who want to maximize energy savings

Customers who will want to integrate other home systems in the future

Control on the go with the Lyric mobile app.

The Contractor Portal

Connect to better service and bigger revenue.

With the Contractor Portal, you can offer more proactive service and drive additional revenue with the sale of a connected solution.

Better service

With the portal, you have 24/7 access to current conditions and system performance over time, helping you proactively diagnose potential issues before they become costly problems.

Bigger revenue

Remote diagnostics can enhance your existing service agreement or become a separate service offering. As a portal user, you'll also be part of an exclusive database that receives leads from customers who buy at retail.

Supported thermostats

The Contractor Portal connects to all Honeywell RedLINK™ and Wi-Fi thermostats, Honeywell Wi-Fi thermostats purchased at retail, and the Lyric thermostat.
